SERVING OUR COMMUNITY

100+

Virtual town halls, events, roundtables, press conferences, and meetings with community members on the issues that matter most to Floridians.

\$36 MILLION

In grants to keep Palm Beach County restaurants afloat, plus an additional \$1.1 billion in loans and grants for small businesses to keep them open, supporting hundreds of thousands of local jobs.

48,000+

Letters sent directly to constituents in response to their emails, letters, and phone calls about issues important to our community.

\$598 MILLION

In funding to help Palm Beach County respond to the COVID-19 pandemic by helping to distribute vaccines, provide rental and food assistance for members of our community, and more.

\$5 MILLION

Recovered for our constituents which was rightly owed to them through unpaid pensions, IRS payments, veterans' benefits, or other assistance.

\$19 BILLION

In infrastructure funding for the state of Florida to fix our roads and bridges, bolster our public transit options, expand broadband access, and more.

The Palm Beach Post

ON WEST PALM TRIP, U.S. LABOR SECRETARY GETS EARFUL ON NEED FOR HELP WITH SENIOR CARE

“After starting his day Monday touring a child-care facility in Boynton Beach, [Secretary Walsh], joined by U.S. Rep. Lois Frankel, D-West Palm Beach, participated in a roundtable discussion on home health care at the Mandel Public Library in West Palm Beach and then another on senior care at an Alzheimer’s care facility on Australian Avenue.”

WORKING FOR YOU IN CONGRESS

In 2021, President Biden signed the *American Rescue Plan* and *Infrastructure Investment and Jobs Act* into law, creating millions of jobs, vaccinating hundreds of millions of Americans, and getting our communities the help we need. Now, we’re working to pass the *Build Back Better Act* to lower costs, extend tax cuts, and ease inflationary pressures.

PROVIDING COVID-19 RELIEF

The pandemic upended our lives and livelihoods, so we delivered immediate relief to get shots in arms, keep small businesses open, get children safely back to school, and put money in the pockets of families with stimulus checks and Child Tax Credit payments.

FIGHTING INFLATION

Americans are struggling to pay their bills, so the President is working to fight inflation by easing bottlenecks at America’s ports, cracking down on corporate greed, and lowering prices for gas, food, and other everyday expenses.

LOWERING HEALTH CARE COSTS

Everyone deserves access to quality affordable health care, so we’re working to lower prescription drug costs, allow Medicare to cover hearing aids, and expand health care coverage.

LOWERING CHILD CARE COSTS

Preschool and child care are too expensive for many families, so we’re working to make preschool free for all 3- & 4-year-olds and make child care more affordable so parents can get to work knowing their kids are in safe, nurturing places.

LOWERING ELDER CARE COSTS

Caring for older loved ones is costing working families and preventing them from fully participating in our workforce and economy, so we’re working to expand access to affordable, at-home care for older loved ones and people with disabilities—while ensuring their care workers get paid fairly.

UPGRADING OUR INFRASTRUCTURE

Our nation’s outdated infrastructure weakens our economy, so we delivered the most significant investment in over a century in roads, bridges, public transit, internet access, and clean water.

COMBATTING CLIMATE CHANGE

Protecting our planet is critical to preserving the quality of life of future generations, so we’re working to cut pollution, reduce energy costs, restore the Everglades, protect against natural disasters and sea level rise, and create good-paying clean energy jobs.

DEFENDING OUR DEMOCRACY

Voting is the cornerstone of a healthy democracy, and everyone deserves equal access to the ballot box, so we’re working to protect voting rights, get dark money out of politics, and strengthen our democracy.
